"On the field" in the Philippines

Last week Paola and Rita left for the Philippines and, after a long journey, they finally arrived on the Island of Mindoro, ready to start the **Wash** project and the **Bakery** project!

Last Wednesday they had a first meeting with the **Department of Education** (DepEd), our partner in the Wash project, and they met with the presidents of all the schools involved in order to ensure drinking water and adequate sanitary facilities for almost 2000 children.

At the meeting, the DepEd presented a plaque of Recognition for the projects carried out in collaboration with Kito!

In collaboration with **Amami Social Project**, Paola and Rita have also started the project to build the bakery for the emancipation of indigenous communities on the Island.
